Abinaya N

+91-8015999174 abinaya12asm21@gmail.com linkedin.com/in/abinaya-n github.com/abinayanehru

Professional Summary

Software development professional with hands-on experience in Java, Python, full-stack web development, databases, AI-assisted development, and DevOps. Skilled in Spring Boot, React, Flask, FastAPI, MySQL, PostgreSQL, AWS, Docker, REST APIs, and CI/CD. Experienced with GitHub Copilot, LLM integration, RAG, GraphRAG, NLP, and intelligent text-mining systems. Strong problem-solving, analytical thinking, communication, teamwork, leadership, adaptability, and continuous-learning abilities.

Education

C. Abdul Hakeem College of Engineering and Technology, Vellore *Nov 2022 – Jun 2026*
Bachelor's Degree in Information Technology **CGPA: 7.8 / 10.00**

Technical Skills

Programming: Java, Python, C++, SQL, JavaScript **CS Fundamentals:** DSA, OOP, DBMS, Operating Systems
Front-End: HTML5, CSS3, React.js, Bootstrap **Back-End:** Spring Boot, Flask, FastAPI, Django, Express.js, REST APIs
Databases: MySQL, MongoDB, SQLite, PostgreSQL, Neo4j
AI & Generative AI: Prompt Engineering, AI-Assisted Development, LLM Integration, RAG, AI Code Generation, GitHub Copilot
AI/ML: NLP, TF-IDF, Chi-Square, Naive Bayes, Clustering, NER, Topic Modeling, Vector Search, Knowledge Graphs, GraphRAG
Cloud & DevOps: AWS, Docker, Git, GitHub, Jenkins, SonarQube, Linux, CI/CD
Tools: VS Code, Eclipse, IntelliJ IDEA, NetBeans, Maven, Jupyter Notebook, WordPress

Soft Skills

Problem Solving, Analytical Thinking, Critical Thinking, Creative Thinking, Communication, Teamwork, Team Management, Leadership, Adaptability, Time Management, Decision Making, Attention to Detail, Project Coordination, Conflict Resolution, Accountability, Cross-functional Collaboration

Professional Experience

App Development Intern — Prime Solutions *Aug 2025*
– Contributed to mobile application development using Flutter, implementing user interfaces, application functionality, debugging, and feature enhancements.

Full Stack Web Development Intern — BICS Global *Feb 2025*
– Contributed to Python-based full-stack web development, including frontend features, backend functionality, database integration, REST APIs, debugging, and testing.

Software Development Intern — CODTECH IT Solutions *Aug 2024*
– Developed a Java and Spring Boot Hospital Management System for patient records, appointments, billing, and doctor scheduling, implementing database-driven backend workflows.

Projects

IT Incident Management and Resolution System
Java, Spring Boot, React, MySQL, Maven, Git, GitHub, JUnit, Selenium, Jenkins, SonarQube, Docker, AWS
– Developed a web-based IT incident management system for issue reporting, assignment, prioritization, SLA tracking, and resolution.
– Implemented role-based access for users, support staff, and administrators with dashboards for incident status, priority, SLA compliance, and resolution tracking.
– Built and tested using **Maven, JUnit, Selenium, Git/GitHub**; integrated **Jenkins CI/CD, SonarQube, Docker, and AWS** for automated build, testing, quality analysis, and deployment.
– Used **GitHub Copilot AI** for code generation, test-case creation, troubleshooting, and development productivity.

Multilingual AI Platform for Organizational Intelligence
FastAPI, React/TypeScript, PostgreSQL, Neo4j, GraphRAG
– Built a multilingual organizational text-mining platform using **TF-IDF, Chi-Square, Naive Bayes, clustering, NER, and topic modeling** for automated classification and insight extraction.
– Designed a **Knowledge Graph + hybrid GraphRAG** pipeline with evidence-based retrieval, temporal intelligence, and explainable priority/risk scoring for decision support.
– Developed a production-oriented **FastAPI + React/TypeScript** application with PostgreSQL, Neo4j, vector search, evaluation experiments, security controls, and human-in-the-loop validation.

Certifications

Microsoft Certified – Foundational C#
Anthropic Academy – Claude 101 & AI Fundamentals
Google Cloud Data Analytics
TCS iON – IT Primer
Infosys Springboard – 13 Certifications
Prompt Infotech – Web Development
Marcello Tech – Full Stack/Web Development

Languages

English – Fluent Tamil – Fluent Hindi – Intermediate
